

Athlete Support Policy

This is for athletes who have been invited to competitions outside of the normal remit of club athletics. If successful, athletes will be awarded up to £100 to help cover the costs of accommodation/travel.

Anyone can apply for this financial support based on the details below.

All claims must be made by the athletes themselves, if 18 or over. Claims can be made on behalf of athletes below 18 by a primary caregiver.

We are proud to be able to support our members achievements in this way and help athletes enjoy their athletics and performance. Please see the details below as a rough guide to how you can claim - if you are unsure if the competition is warranting of this funding - please still apply as we review all claims on a case by case basis.

Details

When someone can claim

- When being invited to represent the club or country.
- Attending national championships, where entry is through invite and standards (both required)
- If an international is part funded or not at all - and travel/accommodation is necessary
- If invited or qualifying for an international meet *case by case basis

When can someone not claim

- An abroad trip, which is not representing at a club or international level *case by case basis
- Extra costs when the trip has been fully funded
- Just for athlete preference rather than necessity
- A national competition with no standards and invites

Honesty

If Tonbridge AC believes that any details provided in a claim are false or misleading, the athlete may be required to repay the funds to the club and may lose the opportunity to receive financial support for future competitions.
